Hi Nicole,

Have some proposed edits on the enclosure. Because of the choice of language in the enclosure, we may need to revise one word in the cover letter.

Thanks,

lene

Hi Lene

Per our conversation, attached are the cover letter (unchanged) and the enclosure (edits as discussed earlier this week). Please let us know your thoughts. We hope to be able to send by late this week.

Thanks much,
Nicole

Hi Steve/Nicole,

Here is a revised cover letter and enclosure. We can discuss at our 10:00 am HST/12:00 pm PST tomorrow.

Thanks,

lene

Subject: Revised Destructive Testing Letter

Lene,

Nicole asked me to get more involved in the drafting of this response to the Navy. I am sending you a revised draft. I am hoping that we can discuss this sometime today, but I think it would be better to do this one-on-one rather than having too many cooks in the kitchen. I think we both want to get to the same place; moving beyond the initial destructive testing study in a way that gathers additional data to address shortcomings of the initial study.

I will try to give you a call right after our call with the Navy if that works for you. Thanks
